

**Welcome back '08s!** Net Impact is a national organization dedicated to making social change through business. This encompasses cleantech, environmental sustainability, microfinance, international development, social entrepreneurship, and corporate social responsibility.

We're going to have interesting, educational meetings with special guests every other week throughout the year, and we'll be sending out these newsletters to let you know what's going on around campus and beyond.

We look forward to see you all this year!

The Net Impact Team (Katherine Ball, Frances Brooks, Kristen Cullen, Mike Errecart, Ruchi Gatha, Chile Hidalgo, Heather Kellman, Evan Konweiser, Karen Ludwig, Rob Pennington, Jack Richards)

## events
